"This report shall not be reproduced except in full, without the written approval of the lab. This report is for informational purposes only and shall not be used for diagnosis, treatment or prevention of any disease. Results are only for samples and batches indicated. Results are reported on an "as received" basis, unless indicated otherwise (e.g., 'dry weight' basis). Unless a 'pass/fail' status is reported, that status is intended to be in accordance with Federal, state and local laws which are required for the customer to be in compliance. The measurement of uncertainty is not included in the test result unless otherwise requested by the customer, and/or it affects the conformance to the specification and is considered in the analysis. Measurement of uncertainty is available upon request."

This report shall not be reproduced except in full, without the written approval of the lab. This report is for informational purposes only and shall not be used to diagnose, treat or prevent any disease. Results are only for samples and facilities indicated. Results are reported on an "as received" basis, unless indicated otherwise (e.g., where a "dry/Post dried" value is reported, that value is intended to be in accordance with Federal, state and local laws which are required for the customer to be in compliance. The measurement of uncertainty is not included in the reported analytical results, unless required by the client or law. Non-detect results are reported at the limit of detection. Measurements are performed by a testing laboratory.
